Data Analyst Project · Key Findings & Business Recommendations

2023–2025

60,000 ORDERS

17 COLUMNS

Project Overview

Dataset

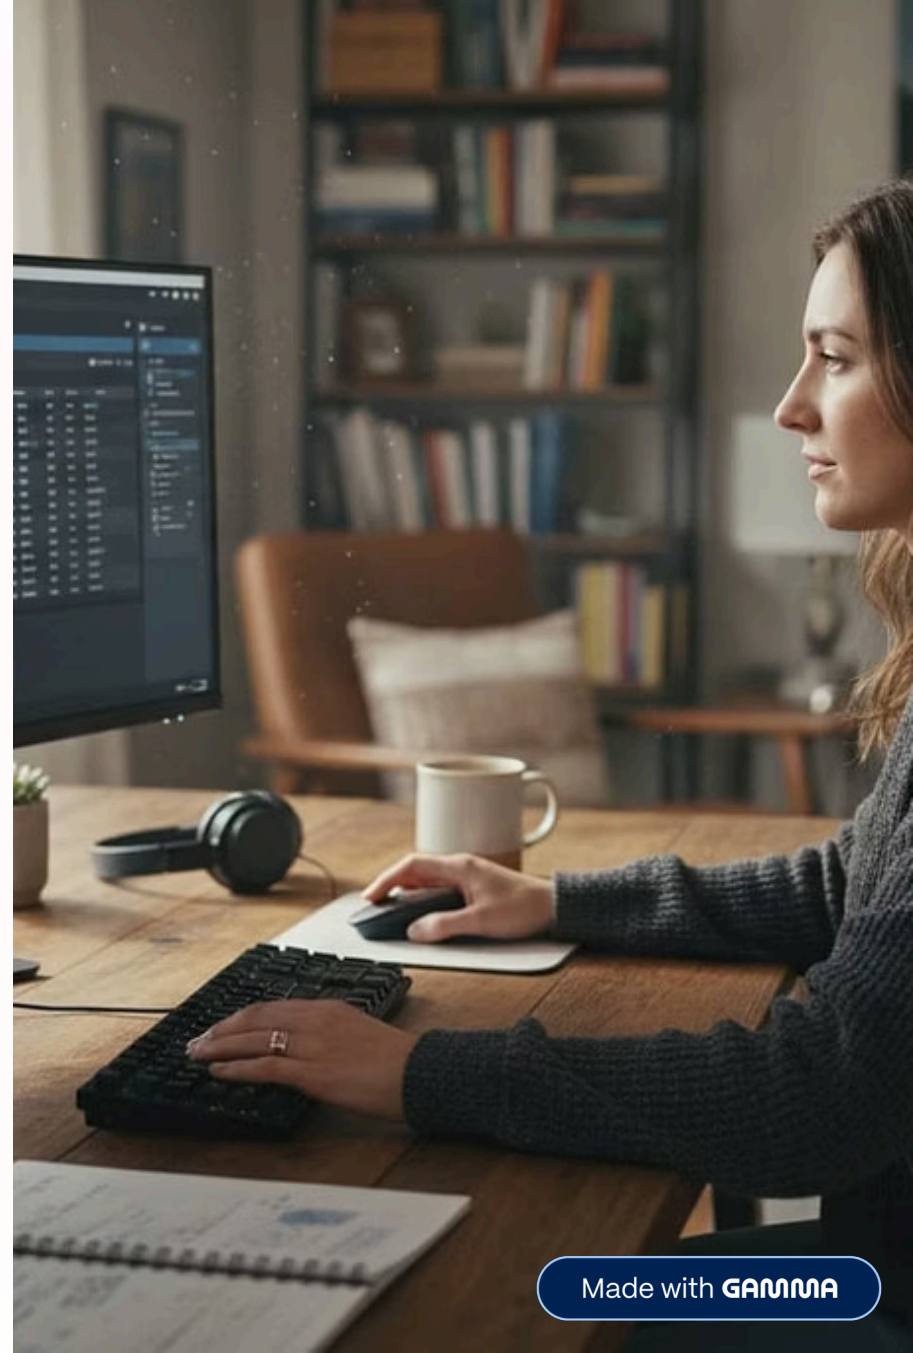

60K orders · 17 columns · 2023–2025

Tools

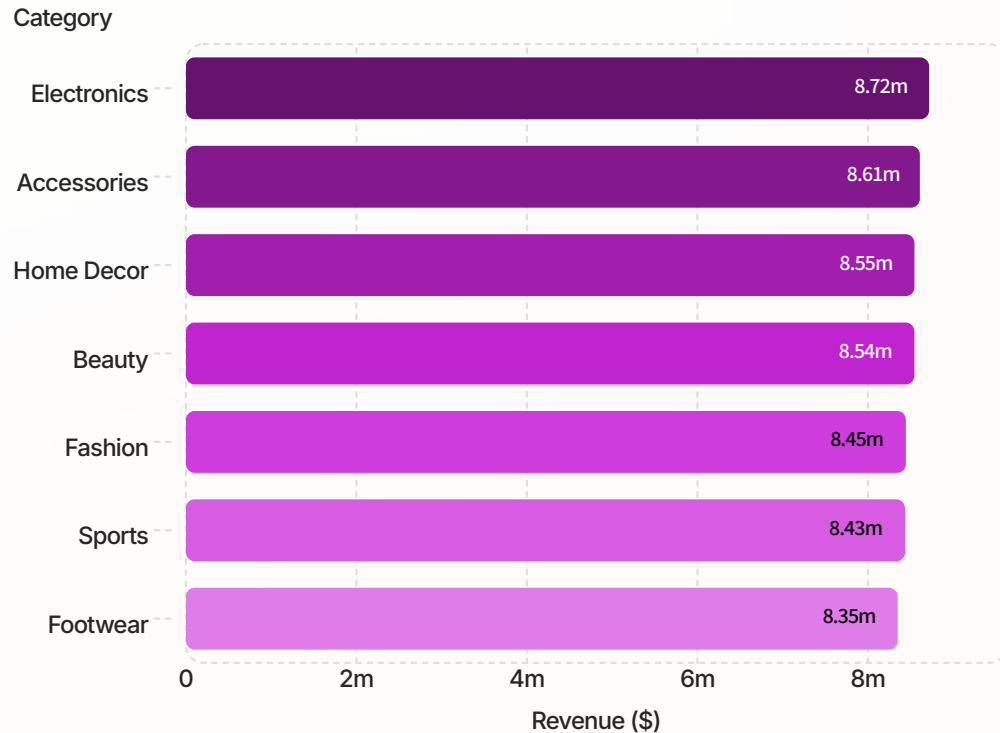

Python → SQL Server → Power BI

Focus

Profit & revenue across categories, countries, traffic & payments

Revenue by Product Category

Narrow Gap

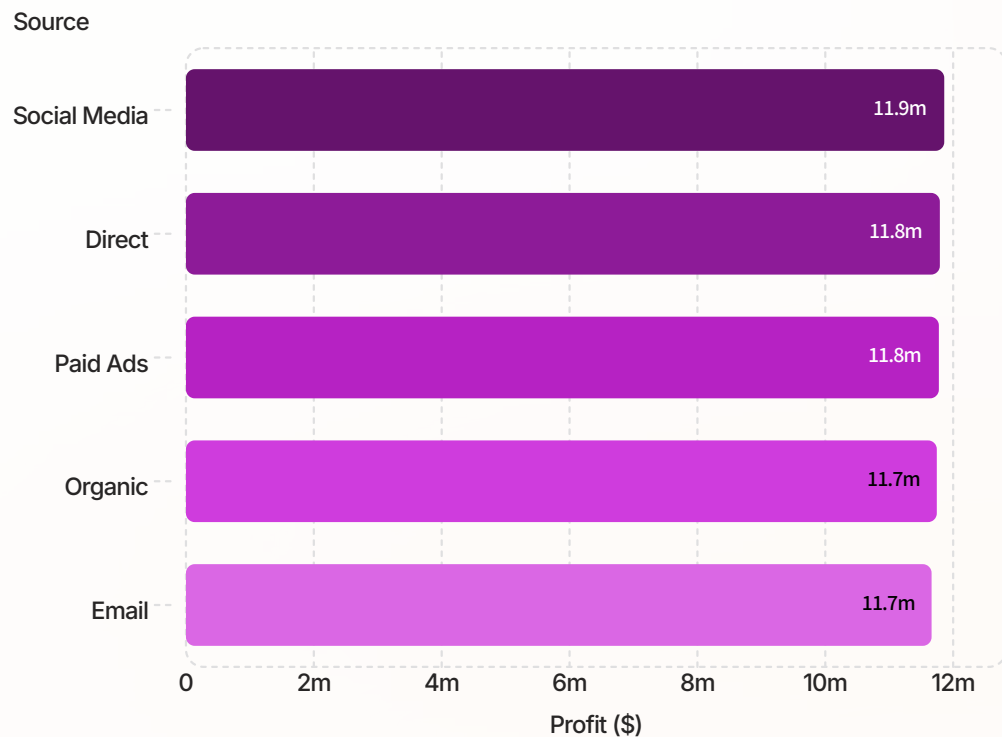

All 7 categories within ~\$370K of each other.

Electronics leads at **\$8.72M**; Footwear trails at **\$8.35M**.

No single dominant category — balanced portfolio.

Profit by Traffic Source

Social Media Leads

Social Media tops profit at **\$11.86M**.

All sources within **~\$200K** — no weak channel.

Sales by Country

\$8.70M

Australia

Top market

\$8.57M

Germany

2nd place

\$8.54M

UAE

3rd place

\$8.37M

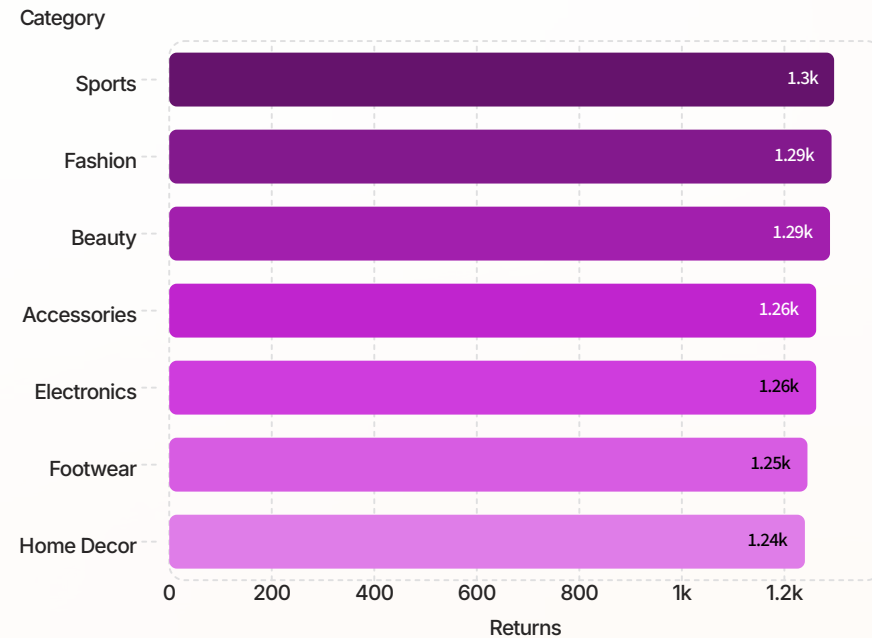

UK

Lowest of top 7

Spread between top (Australia) and bottom (UK) is only **~\$327K**
— opportunity to grow underperforming markets.

Returns & Top Products

Returns by Category

Top Products by Profit

Product #3345

\$25,730 profit

Product #3075

\$24,339 profit

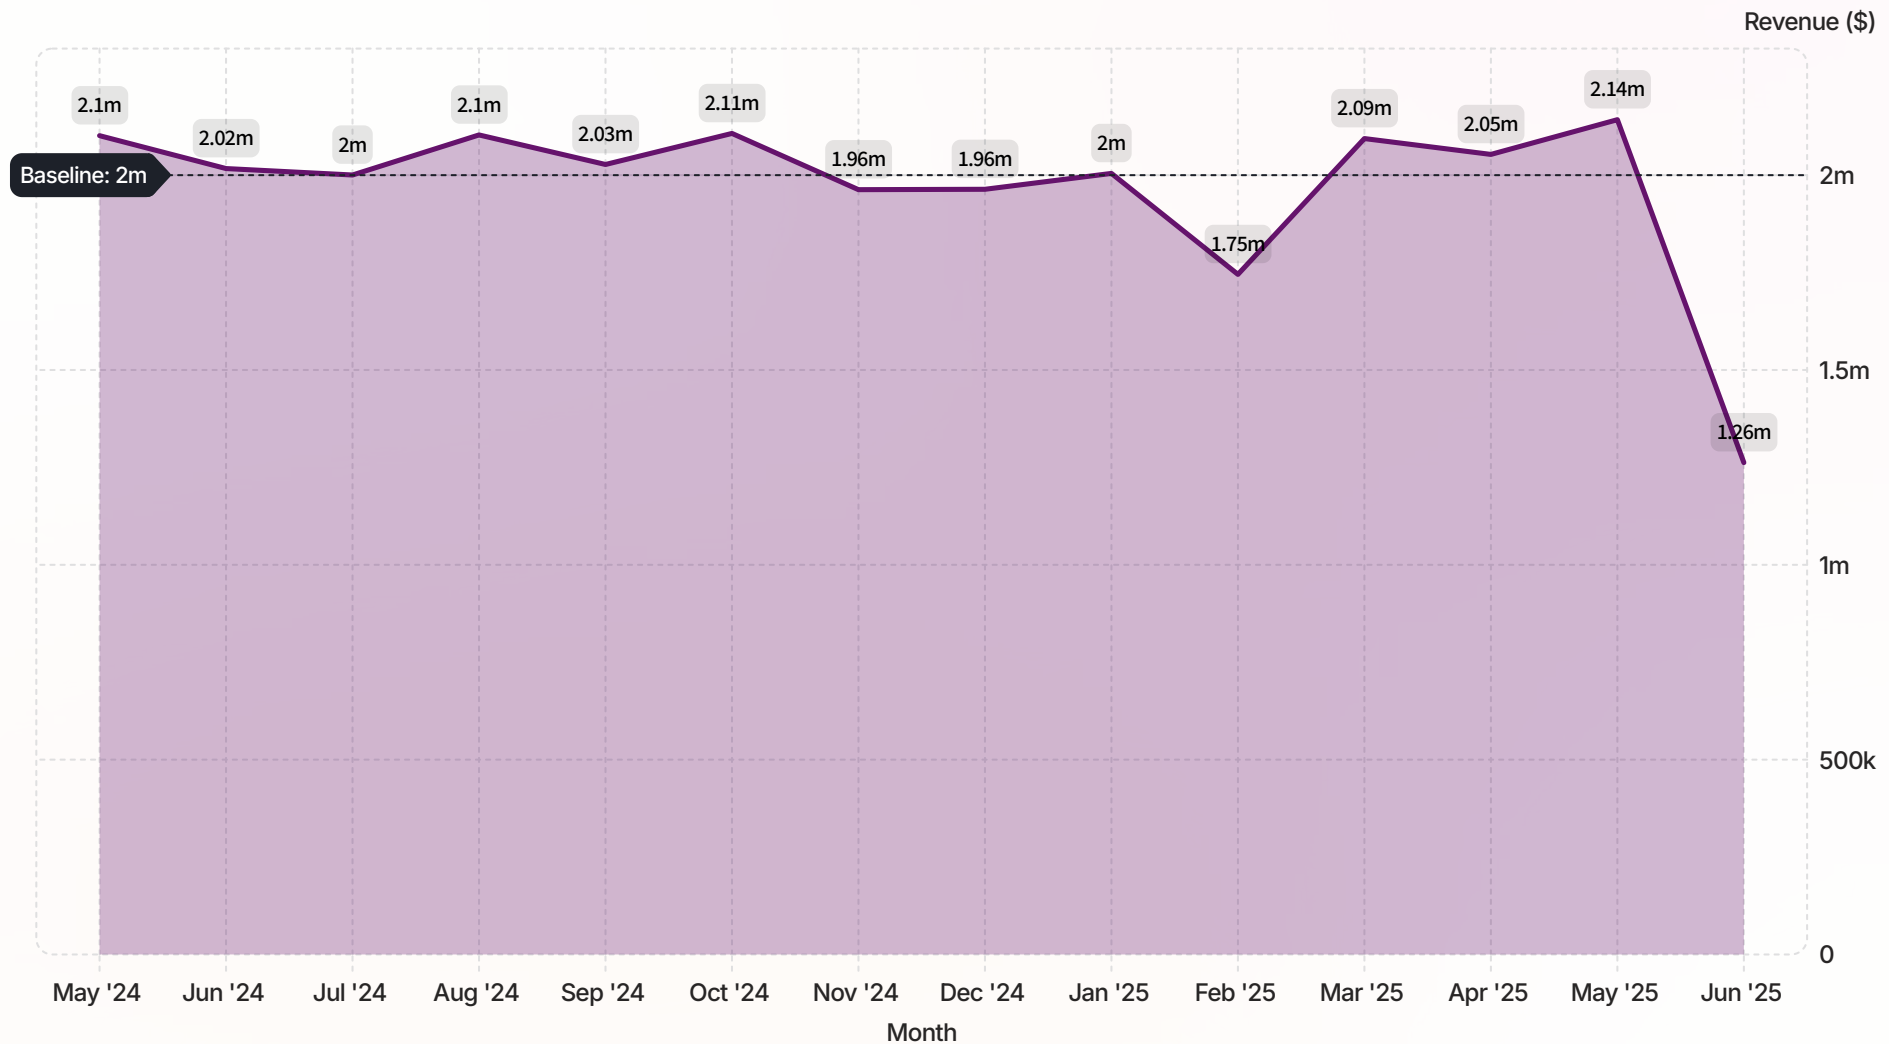

Product #3021

\$23,740 profit

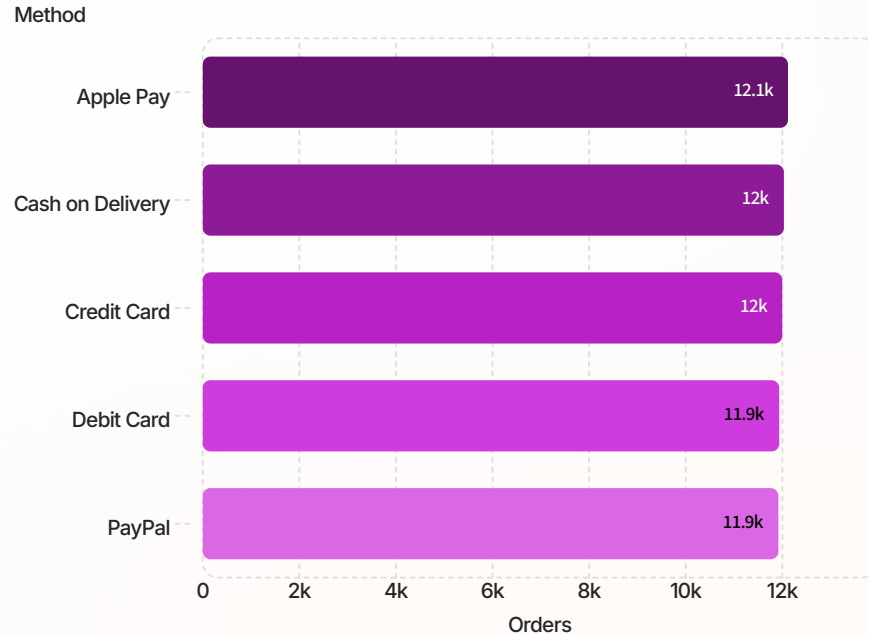

Sports leads returns; Home Decor lowest. A few products significantly outperform.

Monthly Revenue: May 2024 – June 2025

Revenue stable at **\$2.0–2.1M/month**. Notable dips in **February 2025** and **June 2025** (partial data).

Payment Methods & Key Findings

Key Findings

- **Categories:** Electronics leads; gap narrow (~\$370K)
- **Traffic:** Social Media tops profit; all sources within ~\$200K
- **Countries:** Australia leads; spread only ~\$327K
- **Returns:** Sports highest; Home Decor lowest
- **Payments:** Near-even split — no priority channel

Business Recommendations

1

Invest in High-Profit Categories

Electronics & Accessories — but don't exclude others; profit gap is small.

2

Grow Underperforming Markets

Local promotions in lower-ranking countries for better distribution.

3

Strengthen Traffic Channels

Social Media leads, but Email still valuable — maintain all channels.

Next Steps

Reduce Returns

Improve descriptions & images for high-return products.

Payment Strategy

All methods evenly used — no single channel to prioritize.

Monitor Trends

Track Feb & June revenue dips; investigate seasonality.

60K orders • 7 categories • 5 traffic sources • 5 countries — a balanced, data-driven foundation for growth.
